

Surveys of materials by or relating to prominent individuals

A-B

Surveys list all of the materials (which we happen to have located) by or relating to a specific individual throughout the Division's collections. Surveys have been compiled in a variety of formats and to different levels of detail. At minimum a survey provides the names of the collections containing correspondence or other material by or about an individual.

Surveys are not guides to complete collections of an individual's papers. The materials listed are, in most cases, not filed or shelved together, but are scattered throughout the Division's collections.

The surveys are not comprehensive: they are meant to serve as a time-saving device. Researchers are encouraged to check the guides to other collections that may prove fruitful for their research as the survey files have not been rigorously updated in recent years; researchers are also encouraged to ask Division staff, in person or via mssref@nypl.org, for reference assistance.

To request material listed in a survey it will usually be necessary to consult the guides to the collections listed in order to identify the box number or volumes that contain the material by or relating to the subject of the survey. Some finding aids are available on the Division's website, but many are only available in paper format in the division's reading room. Division staff will be able to assist readers translate the information in a survey into a request for material.

In many cases the surveys were compiled in order to complete a microfilm order of all the material by or relating to an individual. In these cases copies of the microfilm (or paper copies made from film) can be ordered.

This file contains surveys for the following individuals:

Nancy Cott

Dear Ms. Cott:

While reading through last month's correspondence of this Division, I noticed your letter inquiring about any letters of Mary Ritter Beard. In addition to the collections cited in John Stinson's reply to you, there is also one folder on Beard in the New York Public Library Archives. It consists of letters and memos on the Library's connection with the World Center for Women's Archives (1935). This is part of Record Group 6, Director's Office (Harry Miller Lydenberg).

If you wish to see this folder when you visit the Division in the Fall, please request it under the conditions set forth in Mr. Stinson's letter. If I can be of any further assistance with the New York Public Library Archives, please do not hesitate to contact me.

Sincerely,

RS/wc

The Curator
Astor, Lenox and Tilden Foundations Library
NEW YORK PUBLIC LIBRARY
5th Avenue and 42nd Street
New York, N.Y. 10018

Dear Sir:

I intend to publish either selections from or the entire text of "Five Years in an English University," by Charles Astor Bristed (N.Y. 1852; 3rd revised edition, N.Y. 1873.)

Charles Astor Bristed was a trustee of the Astor Library and it may be that either his papers and/or portraits are in the possession of the New York Public Library, of which the Astor Library is now a part.

I am interested in particular in identifying the persons mentioned in "Five Years....", who are normally referred to only by an initial, or occasionally by a fictitious name: as, for example, Tom Travis, a particular friend of the author. Would the New York Public Library have, for example, an annotated copy of "Five Years" in which such identifications are made; or if that is too much a dream to be true, perhaps a list of the English correspondents of Bristed, among whom it might be possible to confirm an identification here or there.

The other query I have is whether the Library has a portrait of Charles Astor Bristed.

Yours sincerely,

Sydney Ross
Emeritus Professor of
Chemistry
