CARDBOARD ART

Art with little ones is all about the process and play! Explore with different art tools using recycled cardboard boxes to encourage creativity and imagination.

MATERIALS
- Cardboard box or piece of cardboard
- Art Supplies (Crayons, Markers, Dot Markers, Finger Paint)

HOW TO PLAY
Lay cardboard flat or standing up. Lay out art materials like finger paint and/or crayons and encourage children to draw and paint on the cardboard. Do not forget to join in on the fun!

Safety tip: Always supervise your child with these materials.

LET’S TALK ABOUT IT!
- Comment on what the child is doing. You can say something like, “I see you are using the yellow crayon!” “I like the way you are mixing these colors!”
- Talk about that your child create. Point out shapes and colors. Ask “what are you making?” “This is blue like the sky!”
