

The Pamphlet Files

The Pamphlet Files were established as an original NYPL resource, part of the Library's traditional and strong interest in the preservation of ephemera. Some of the material in these files dates back to the late nineteenth century. The Pamphlet Files are often the only record that a gallery or an organization existed. They are not catalogued, and there are no references to them in our online catalogue. These files include exhibition brochures, fliers, small group exhibition catalogues, gallery announcements, newsletters and other ephemera relating to galleries, museums, colleges and universities, professional associations, foundations, non-profit organizations, and other arts organizations. While this collection consists of material predominantly from New York City and state, it also contains many files from throughout the United States, Europe, Central and South America. In addition, there are files for one-time arts events and movements, such as "New York State Exposition" and "Art for Peace."

The list of entries is arranged in alphabetical order; for galleries that have a given name and a surname, i.e. "Martha Jackson Gallery," the entry will be alphabetized according to the first name.

Updated and edited by Lauren Stark, 2010.

Updated and edited by Doris Straus, 2014, March 2015.
