THE FRAN LEE PAPERSBiographical Note:

Fran Lee (nee Frances Lederman) was born in New York City in 1910.

In 1929, she married Samuel Weiss and became an actress, often using the stage name, Karen Stewart. In the 1940's Fran Lee took the name by which she is now known and appeared on television as "Mrs. Fix-it," providing household advice and handicraft ideas. She became a consumer advocate on both television and radio. In 1948 and 1949, both she and her son, Gene (under the name Gene Lee) toured with the Medea touring company across the U.S.

Fran Lee continued to make appearances on television for nearly fifty years. She had her own program entitled "Mrs. Fix-it," and also had regular segments on various programs in which she appeared as the "Tidy Dee Lady," "Mrs. Consumer" and "Granny Franny." Each of these personae offered advice on how to improve conditions in the home. She was seen regularly on the Don Ameche-Frances Langford Show, the Skitch Henderson Show and The New Yorker Show. She made guest appearances on The Ernie Kovacs Show, The Steve Allen Show, The Tonight Show, and The Mike Douglas Show.

Fran Lee was also seen in a series of commercials for various products in the 1950's and 1960's. In the 1970's, she appeared in the New York City area on WNEW, Channel Five and then WPIX Channel Eleven News as their consumer editor, making daily reports during the news.

Fran Lee continued to be a vocal spokesperson on consumer issues into the 1990s. She was one of several people responsible for the enactment of New York City's "pooper scooper" law, dealing with the disposal of dog waste on the city streets. She was the founder of Menonomous, a support group for women in menopause.
