Brownfield Cleanup Program Application Bevin Associates LLC 1676 Third Avenue New York, New York 10128

Dear Head Librarian:

We Represent Bevin Associates LLC in their anticipated New York State Department of Environmental Conservation (NYSDEC) Brownfield Cleanup Program (BCP) application for the above-referenced site at 1676 Third Avenue in the Upper East Side of Manhattan. It is a NYSDEC requirement that we supply them a letter certifying that the local library is willing and able to serve as a public repository for all documents pertaining to the cleanup of this property. Please sign below if you are able to certify that your library would be willing and able to act as the temporary public repository for this BCP project.

Sincerely,

Langan Engineering and Environmental Services, P.C.

Ryan Wohlstrom Senior Staff Engineer
