

At home STEAM

FROZEN DINOSAUR EGGS

SUPPLIES

- Balloon or ice cub tray
- Dinosaur figures or other object that will fit inside your balloon
- Water

LET'S TALK ABOUT IT!

What do you think we can do to melt the ice?

How long do you think it will take to find the dinosaur?

Learn about dinosaurs. Talk about their names and other fun facts!

TRY IT OUT!

1. Blow up a balloon and hold it for 30 seconds to stretch.
2. Put dinosaur or other figure into the balloon (or ice cub tray).
3. Fill the balloon (or ice cube tray) with water and tie it closed.
4. Put the balloon (or ice cube tray) in the freezer.
5. Place your frozen egg in a bowl or dish and add warm water to melt.
